

# Tollritmus

Four seasons. One connected collection.

Inspired by the delicate markings of barred feathers, Tollritmus connects abstract art, porcelain concepts and textiles through flowing lines and subtle seasonal colours. A rooster, a hen and their chick bring a quiet sense of belonging to the collection.

Spring collection - digital product concept

## SEASONAL PALETTES

Spring: sage, blush and ivory.  
Summer: pale blue and platinum tones.  
Autumn: taupe and champagne tones.  
Winter: pearl white and ice grey.

## APPLICATIONS

Art prints; porcelain figures, vases and tableware; silk scarves; cushions; rugs; wallcoverings; stationery and gift packaging.

## AVAILABLE TO REVIEW

Two core artworks, four seasonal collection visuals, 24 individual seasonal concepts and five further application images. Bilingual web presentation and application guidance.

## Discuss a collection licence or agency representation

## PARTNER OPPORTUNITIES

For homeware and tableware brands, textile and accessory manufacturers, art publishers, interior designers, hospitality projects and premium gift brands.

## DEVELOPMENT STATUS

AI-assisted digital artwork and concepts under Kamilla Akhmin's art direction. Physical prototypes, production files, materials and technical specifications require development with a partner.

## LICENSING & CREATIVE APPROVAL

Product category, territory, term and any exclusivity are agreed in writing. Kamilla retains creative approval over the name, forms, patterns and colours.
